Dean Cynthia Shaw
Old Chapel

Dear Cynthia:

I talked to Curtis Singleton today. He is concerned that the College might take some of the rooms from the BSU section of the second floor of Adirondack House for offices or other purposes. I told him that while many faculty members had cast covetous eyes on the rooms, I knew of no definite plans to take them away from the BSU. I suggested that the best way to stop any invasion of BSU territory was for the organization to make it clear that they were using the rooms.

I added that his suggestion that all students use the rooms as study spaces was a welcome one and should certainly help the BSU to keep the rooms.

Best,

John
